EDUCATION

The Chinese University of Hong Kong **Aug 2025 –**

Doctor of Philosophy in Economics *Hong Kong SAR, China*

Fudan University **Sep 2021 – Jun 2025**

Bachelor of Economics, GPA: 3.86/4, Rank 7/75. *Shanghai, China*

University of California, Berkeley **Aug 2023 – Dec 2023**

Exchange through Berkeley Global Access Program, GPA: 3.81/4. *Berkeley, US*

WORKING PAPER

What Causes Turnover? Evidence from an Ethiopian Industrial Park

with David Qihang Wu (Assistant Professor of Department of Economics, Georgia State University)

- We study the causes of high turnover rates in a flagship industrial park in Ethiopia with detailed administrative records for 58,530 applicants during 2018–23. (1) Leveraging exogenous price shocks, we find that better outside options reduced the likelihood that applicants would take any jobs in the industrial park but did not induce current workers to separate from the industrial park. We use a standard search model to show that applicants' rejection rate can be inefficiently low. (2) Using productivity data from individual firms, we find correlational evidence that workers with lower productivity were more likely to separate. We further provide causal evidence using an information treatment that separation can be explained by learning on the job. Our model demonstrates that workers' separation rate can be inefficiently high. Our policy discussion implies a tension between improving matching efficiency and decreasing turnover.

TEACHING EXPERIENCE

Teaching Assistant for ECON1101 **Sep 2025 – Dec 2025**

Mathematics Methods for Economics I *The Chinese University of Hong Kong*

HONORARY AWARDS

2025 Hong Kong PhD Fellowship Scheme (HKPFS)

2025 Second Prize of the Graduation Scholarship at Fudan University

2024 Outstanding Paper at National Training Base Conference for Foundational Talent in Economics

2024 Second Prize for Outstanding Undergraduate Academic Paper at School of Economics, Fudan University

PERSONAL INFORMATION

Language: Mandarin (Native), English (Fluent, TOEFL iBT 106).

Computer Skills: Matlab, Python, Julia, Stata

Interests: Badminton, Shooting Movies, Photography, and Travel.
